

Name: _____

Fractions Choice Board 2

Choice Activity #1: **Fraction War**

Create a deck of fraction cards using paper, scissors, and pencils/markers. Then play the game "War" with a partner using the fraction cards you made. Make sure to compare the fractions correctly!

Choice Activity #2: **Make a Poster**

Create a poster that can be used as a teaching tool for other students. Make sure to include lots of pictures and examples!

Choice Activity #3: **Survey Time**

Survey at least 12 or more students or individuals about their favorite _____ (color, food, sport team, etc.). Record the results in fractions ($\frac{1}{12}$ like pink, $\frac{1}{4}$ like blue, etc.). Then order your fractions from least to greatest.

Choice Activity #4: **Create an Assessment**

Pretend you are the teacher. Make an assessment for your classmates about fractions. See how much they know!

*Make sure to include an answer key for your quiz/assessment!
